Hydrofera Blue Ready. Set. Go.

Introducing **Hydrofera Blue Ready** foam

Antibacterial properties to help prevent infection

- No hydration required prior to application
- No secondary dressing required
- Up to 7-day wear time

When managing bioburden is a priority,
Hydrofera Blue Ready foam is the convenient choice.

Hydrofera Blue Ready foam has absorption comparable to other antimicrobial foam dressings, based on *in vitro* testing¹

(Error bars represent one standard deviation)

Additional benefits

- Costs less than most silver foam dressings²
- Non-cytotoxic

Hydrofera Blue Ready foam.
 Ready. Set. Go.

Ready without hydration.
No secondary dressing required; just secure.
Good to go for up to 7 days.

Application

Ready

Select and apply the appropriate dressing size to ensure the dressing will cover the entire wound. With **Hydrofera Blue Ready** foam, no hydration is required.

Set

Secure the dressing using a bandage or tape.

Go

Dressing can be left in place up to 7 days. Can be used in conjunction with compression wraps and total contact casting.

Hydrofera Blue Ready foam has broad-spectrum antibacterial activity against microorganisms commonly found in wounds.
