Customer Interaction Center

The ConvaTec Customer Interaction Center (CIC) has Product Specialists, including WOC (ET) nurses available five days a week to answer ConvaTec product-related questions and provide reimbursement information (HCPCS codes and utilization limits) for ConvaTec products to patients and professionals.

To contact the CIC department, call toll free **1-800-422-8811, M-F 8:30am-7:00pm ET**, or via the ConvaTec website at: www.convatec.com

Disclaimer

The reimbursement information provided by ConvaTec is intended to provide general information relevant to coding and reimbursement of ConvaTec's products only. Coverage and payment policies for the same insurer can vary from one region to another and may change from time to time because of ongoing changes in government and insurance industry rules and regulations. Therefore, please confirm HCPCS codes with your local DME-MAC, private insurer, or Medicaid agency before processing claims. ConvaTec does not guarantee coverage or payment of its products listed herein.

Skin friendly stoma care with a little help from nature

Looking after your skin is an essential part of long-term stoma management. But sometimes a simple appliance is not enough. That's why ConvaTec skin care accessories can serve as an important accompaniment to your daily routine.

ConvaTec Stomahesive® Accessories

contain Pectin – an ingredient derived from citrus fruits. Used correctly, these accessories can help heal and protect peristomal skin, and that means greater comfort for you.

From the name you trust for your ostomy needs.

Skin Care & Accessory Products

AllKare® Protective Barrier Wipe

Non-water soluble formula for skin protection. Provides a barrier film layer on the skin under tapes, skin barriers/wafers, adhesives, and hydrocolloid dressings to help protect against irritation, excoriation and adhesive build-up.

Product Code	Wipes per box	HCPCS
037439	50	A5120
037444	100	A5120

Sensi-Care™ Sting-Free Skin Barrier Wipe

Non-alcohol, silicone based formula for skin protection. Provides a barrier film layer on the skin that protects it from the damaging effects of adhesives, body waste and enzyme attack.

Product Code	Wipes per box	Boxes per case*	HCPCS
Non-Sterile 413501	30	20	A5120

* sold by the case

Sensi-Care™ Sting-Free Barrier Spray (non-aerosol)

Non-alcohol, silicone based formula for skin protection. Provides a barrier film layer on the skin that protects it from the damaging effects of adhesives, body waste and enzyme attack.

Product Code	Spray bottle size	Qty. per box	Boxes per Case*	HCPCS
420797	28 mL	1	12	A4369
413502	50 mL	1	12	A4369

* sold by the case

Sensi-Care™ Sting-Free Barrier Foam Applicator, Sterile

Non-alcohol, silicone based formula for skin protection. Provides a barrier film layer on the skin that protects it from the damaging effects of adhesives, body waste and enzyme attack.

Product Code	Applicator Size	Individually packaged Applicators per box	Boxes per Case*	HCPCS
420793	1 mL	5	20	A4369
420794	1 mL	25	4	A4369
420795	3 mL	5	20	A4369
420796	3 mL	25	4	A4369

* sold by the case

AllKare® Adhesive Remover Wipe

For the gentle removal of all adhesives, including skin barriers, tapes, and hydrocolloid dressings. The AllKare® Adhesive Remover Wipe formula effectively removes tape, skin barrier/wafer, and adhesive residues from the skin that can reduce wear times.

Product Code	Wipes per box	HCPCS
037436	50	A4456
037443	100	A4456

Sensi-Care™ Sting-Free Adhesive Remover Wipe

Non-alcohol, silicone based formula that offers fast, painless removal of adhesive residue.

Product Code	Wipes per box	Boxes per case*	HCPCS
413500	30	20	A4456

* sold by the case

Sensi-Care™ Sting-Free Skin Adhesive Releaser

Non-alcohol, silicone based formula that offers fast, painless release of adhesives from the skin.

Product Code	Aerosol can size	Qty. per box	Boxes per Case*	HCPCS
Non-Sterile

Sterile				
420798	150 mL	1	12	A4455

* sold by the case

Stomahesive® Paste Pectin-based Protective Skin Barrier

Use as a filler in uneven skin surfaces to help increase ostomy system wear time and protect skin.

Product Code	Size	Qty.	HCPCS
183910	2 oz. tube	1 tube per box	A4406

Stomahesive® Protective Powder

Helps form a protective barrier against excoriated or weeping skin.

Product Code	Size	Qty.	HCPCS
025510	1 oz. bottle	per bottle	A4371

Stomahesive® Skin Barrier

A multipurpose skin barrier designed to help protect peristomal skin and assist in the management of difficult stomas. Available in sterile and non-sterile forms.

Product Code	Size	Qty. per box	HCPCS
Non-Sterile			
021712	4" x 4" Wafers	5	A4362
021715	8" x 8" Wafers	3	A5122
Sterile			
021901	4" x 4" Wafers	5	A4362

Eakin Cohesive® Seal

A leak resistant base for longer lasting protection

From the name you trust for your ostomy needs

All Seals are Not Created Equal

Eakin Cohesive® Absorbs More Moisture^{1*}

Eakin Cohesive® Seals, when compared to other ostomy seals were more effective at absorbing moisture. When moisture is controlled, the peristomal skin is protected.

** As demonstrated in an in vitro lab test. Based on absorbed moisture per gram of product compared to Hollister Adapt® and Dansac GX-tra™*

1. McGroggan, G. Effects of a hydrocolloid ostomy seal on fecal enzyme activity and moisture absorption. Poster presented at: 3rd Congress of the World Union of Wound Healing Societies; June 4-8, 2008; Toronto, Canada

Eakin Cohesive is a registered trademark of T.G. Eakin Ltd.
Adapt is a registered trademark of Hollister Inc.
GX-Tra is a trademark of Dansac A/S

Stomahesive® Strips

(Moldable Adhesive)

Double sided Stomahesive® Strips for use as a filler to protect or fill-in uneven skin surfaces next to an ostomy, fistula, or wound.

Product Code	Size	Qty. per box	HCPCS
025542	3 cards of 5 strips each	15	A4362

Eakin Cohesive® Seals

A donut-shape ostomy accessory that can be molded to a variety of shapes. It acts as a gasket or barrier, and provides enhanced protection for hard-to-fit stomas. The unique moldable hydrocolloid barrier forms a gel that helps prevent skin damage by sealing the area between the skin and ostomy appliance.

Product Code	Size	Qty. per box	HCPCS
839002	Small 2"	20	A4385
839001	Large 4"	10	A4385
839005*	SLIMS 2"	10	A4385

Eakin Cohesive® Skin Barrier

Eakin Cohesive® Skin Barrier is moldable and moisture-absorbing. It is designed to help protect the skin from contact with body fluids. It is used wherever the skin is damaged, excoriated or vulnerable and needs protection from body wastes and fluids.

Product Code	Size	Qty. per box	HCPCS
839004	Small 4" x 4"	5	A4385
839003	Large 4" x 8"	5	A4385

DuoLock® Curved Tail Closures

For use with SUR-FIT Natura®, Esteem synergy® and ActiveLife® Drainable Pouches

Product Code	Qty. per box	HCPCS
175652	10	A4363

ConvaTec® Tail Closures

For use with SUR-FIT Natura®, Esteem synergy® and ActiveLife® Drainable Pouches

A clicking noise can be heard when closing the tail closure to ensure security. Prior to initial use, open and close several times.

Product Code	Qty. per box	HCPCS
175635	10	A4363

Ostomy Appliance Belt

Adjustable up to 42"

May help provide an added sense of security.

Product Code	Qty. per box	HCPCS
175507	1	A4367

Visi-Flow® Irrigation Pouches

Visi-Flow® Irrigator with Stoma Cone

Product Code	Qty. per box	HCPCS
401989	1 per box	A4398, A4399

Visi-Flow® Irrigation Sleeve

Transparent
(compatible with SUR-FIT Natura® skin barriers)

401916	45 mm (1 3/4")	1	A4398, A4399 A4397, A5054 A4367, A4414 A4402
401917	70 mm (2 3/4")	1	A4398, A4399 A4397, A5054 A4367, A4415 A4402

Set contains:
 1 Visi-Flow® Irrigator with Stoma Cone
 2 SUR-FIT Natura® Stomahesive® Skin Barriers with Flange
 2 Visi-Flow® Irrigation Sleeves
 2 SUR-FIT Natura® Closed-End Pouches
 1 stoma lubricant
 1 ostomy belt
 1 tail closure
 1 brush
 1 carrying case

Esteem synergy® and Esteem synergy® ⊕ Two-piece Ostomy System

The Esteem synergy® and Esteem synergy® ⊕ ostomy system utilizes an innovative Adhesive Coupling TechnologySM that connects the pouch to the skin barrier and eliminates the need for plastic rings that must be snapped or locked together. Esteem synergy® ostomy system is ConvaTec's innovative two-piece product that provides the skin friendliness and versatility of a two-piece system, as well as the low profile, comfort, and flexibility of a conventional one-piece system.

The Esteem synergy® ostomy system has a flat, flexible adhesive foam ring on a pouch that securely connects with a clear, flat, flexible plastic "Landing Zone" flange on a skin barrier. It is easy to apply and easy to remove.

SUR-FIT Natura® and Natura® ⊕ Two Piece Products

The SUR-FIT Natura® and Natura® ⊕ Two-Piece Ostomy System is ConvaTec's most extensive two-piece product line. The SUR-FIT Natura® Flange System signals a secure, accurate closure with a series of audible "clicks". A simple snap-off, snap on design allows users to change the pouch quickly to match activities without removing the skin barrier from the skin.

When it comes to SUR-FIT Natura® and Natura® ⊕ ostomy products, we recommend you take a look at the innovative pouch and skin barrier features that have been combined with our Stomahesive® and Durahesive® adhesives. The SUR-FIT Natura® ostomy system offers special moldable skin barriers for a personalized, custom fit around the stoma to help protect skin. The SUR FIT Natura and Natura ⊕ pouches are available in drainable, closed-end, urostomy, transparent and opaque. In addition, they are available with a filter and the InvisiClose® clipless tail closure.

Also available for post-operative tenderness after surgery is the SUR-FIT Natura® Low-Pressure Adaptor. The SUR-FIT Natura® Low-Pressure Adaptor allows clinicians and patients to attach the pouch to the skin barrier without having to press directly on the abdomen. The SUR-FIT Natura® Low-Pressure Adaptor can be connected to any combination of SUR-FIT Natura® wafers and pouches with the same flange size.

*"Take my word for it, **change is good.** After 26 years I switched my ostomy wafer to ConvaTec Moldable Technology™."*

Randy is wearing ConvaTec Moldable Technology™ flat skin barrier

*I am a **colon cancer survivor, ostomate and outdoor enthusiast.** I really had no complaints about my ostomy products. But then some new friends told me how much they loved **ConvaTec Moldable Technology™ wafers.** Now... I am a convert. My life was good before but now it is even better. Sometimes it is worth it to change your routine.*

Multilanguage support is available.

SUR-FIT Natura® Durahesive® Skin Barriers

(compatible with SUR-FIT Natura® and Natura® pouches)

Durahesive® skin barriers/wafers are designed for people whose stoma output is mostly liquid. Unlike other skin barriers/wafers that can break down around liquid output, Durahesive® skin barriers/wafers swell up to protect the stoma. This special effect, called turtlenecking, helps create a more secure seal without harming the skin. Durahesive® skin barriers/wafers are also easy to fit, apply, and remove. They will adhere securely to the skin while showering, bathing, and swimming.

SUR-FIT Natura® Moldable Durahesive® Skin Barrier with Mold-to-Fit opening

and white hydrocolloid flexible collar

Skin protection starts with the right skin barrier.

Peristomal skin lesions affect approximately 50% of ostomates^{1,2}

- Majority of complications are related to leakage¹
- Greater than 80% do not seek professional assistance¹

ConvaTec Moldable Technology™ skin barriers protect the skin with a custom fit

- **Rebounding Memory Technology™** provides a custom fit to help prevent leaks day and night.
- **Turtlenecking** provides an additional level of protection against leakage as the adhesive gently swells around the stoma.

SUR-FIT Natura® Stomahesive® Skin Barriers

(compatible with SUR-FIT Natura® and Natura® pouches)

Stomahesive® skin barriers/wafers are ideal for people whose stoma output is semi-formed to formed stool. This reliable skin barrier/wafer provides a special formula that enables the skin barrier/wafer to adhere to both dry and moist skin. It holds firmly to skin while helping to protect against irritating output. Another feature of the Stomahesive® skin barrier/wafer is an outer protective coating which helps keep it in place. The skin barriers will maintain adhesion to the skin when showering, bathing, and swimming. Plus, Stomahesive® skin barrier/wafers are easy to fit, apply, and remove.

SUR-FIT Natura® Low-Pressure Adaptor

(compatible with SUR-FIT Natura® skin barriers, SUR-FIT Natura® pouches and Natura Ⓞ pouches)

The SUR-FIT Natura® Low-Pressure Adaptor allows extra finger space to attach the pouch to the skin barrier without having to press directly on the abdomen. This feature provides greater comfort to patients who have abdominal tenderness after ostomy surgery. This is a temporary and disposable product. For optimal performance the SUR-FIT Natura® Low-Pressure Adaptor should be changed with every new skin barrier change. The SUR-FIT Natura® Low-Pressure Adaptor works in conjunction with the SUR-FIT Natura® skin barriers and SUR-FIT Natura and Natura Ⓞ pouches with the same flange size.

SUR-FIT Natura® Drainable Pouches

(compatible with SUR-FIT Natura® skin barriers)

SUR-FIT Natura® drainable pouches have soft, fabric-like comfort panels. With streamlined body contour panels, low-profile design, and less headroom, they distribute pouch content more evenly and away from the stoma. All drainable pouches have a wide tail opening for easier emptying.

The SUR-FIT Natura® drainable pouches are also available with the InvisiClose® tail closure system and an advanced filter. The InvisiClose® cliplless tail closure offers double security, ease of drainage, comfort and cleanliness. The easy to open outlet end strips and tail design help control flow and reduce splashing. The locking mechanism is enhanced by an additional security flap for added peace of mind. The advanced air filter is designed to let gasses through while repelling liquids.

SUR-FIT Natura® Closed-End Pouches

(compatible with SUR-FIT Natura® Skin Barriers)

SUR-FIT Natura® Closed-End pouches are designed for one-time usage, and may be used everyday, for special occasions or intimate moments. They are available with a filter that is designed to reduce odor and gas buildup. There's no draining or uncomfortable clip to worry about. When you're ready, you simply remove the pouch, place it into a disposable bag, then discard it.

Natura® Pouches

(compatible with SUR-FIT Natura® Skin Barriers)

ConvaTec developed these innovative pouches to be noticeably more comfortable and more discreet. The Natura®  pouching system offers the latest technologies from ConvaTec including:

- A state-of-the-art filter with anti-clogging film layer
- Soft and quiet materials
- InvisiClose™ tail closure
- Lock-it Pocket™ that securely hides away the tail giving the comfort of a closed end pouch

ConvaTec's latest pouches combined with SUR-FIT Natura® advanced skin barrier adhesives offer security, comfort and discretion.

Designed to Conceal & Support Ostomy Systems

OSTOMY UNDERWEAR, WRAPS & SWIMWEAR

in a range of styles, colors & fabrics to meet your everyday, intimate & athletic needs.

Esteem synergy® Skin Barriers

(compatible with Esteem synergy® and Esteem synergy® pouches)

The Landing Zone flange on the skin barrier is square and is slightly larger in size compared to the round adhesive ring on the pouch. This makes the application process easy - precise alignment is not necessary.

Esteem synergy® Moldable Durahesive® Convex Skin Barrier with mold-to-fit opening and white tape collar

Esteem synergy® Drainable Pouches

(compatible with Esteem synergy® Skin Barriers)

The ergonomically shaped Esteem synergy® drainable pouches are designed to complement body contours and add to ease of emptying. Esteem synergy® drainable pouches have an advanced air filter which is designed to let gasses through while repelling liquids.

Esteem synergy® drainable pouches are also available with the InvisiClose® tail closure system. The InvisiClose® clipless tail closure offers double security, ease of drainage, comfort and cleanliness. The easy to open outlet end strips and tail design help control flow and reduce splashing. The locking mechanism is enhanced by an additional security flap for added peace of mind.

ActiveLife® One-Piece Ostomy System

A lightweight, flexible, one-piece system, ActiveLife® ostomy system combines the skin barrier and the pouch in one simple, easy-to-manage system. Pouches are available in transparent and opaque films.

Esteem® One-Piece Ostomy System

The one-piece system that's gentle on the skin, while remaining secure and easy to use! Flexible and discreet, the Esteem® One-Piece system is the all-in-one solution that combines the skin barrier and pouch in a single unit, allowing for a simple, secure, and comfortable experience. Available with a modified Stomahesive® or Durahesive Plus® skin barrier that gently adheres to skin and protects it from breakdown.

The Esteem® One-Piece one piece pouching system offers the latest technologies from ConvaTec including:

- A state-of-the art filter with an anti-clogging film layer, keeping the pouch flat while virtually eliminating odor
- InvisiClose® clipless tail closure with a strong hook and hook fastener
- The Lock-It Pocket™ which securely hides away the tail to provide the comfort of a closed end pouch
- Comfort panel pouch material that is soft and smooth against the skin, nearly rustle-free and resists water and dries quickly.

ConvaTec's latest pouches and advanced adhesives offer you the security, comfort, and discretion you deserve.

Little Ones® Pediatric Ostomy System

With the [ConvaTec Little Ones® Ostomy System](#), finding the right ostomy system is elementary. With all the challenges that go with raising a child, finding the right ostomy product needn't be one of them. That's because ConvaTec has a line of products designed just for kids. The line features products for children who have had colostomy, ileostomy, or urostomy surgery. As with our adult line, Little Ones® products offer a full range of products to meet any child's need or parent's preference. Each has been scaled down in size to comfortably fit a child's unique body contour. Little Ones® products are designed with an active child in mind. They're flexible, durable, and easy to remove, so there's minimal discomfort and parents love them because they let kids get on with the business of just being kids!

Ostomy Glossary of Terms

Abdomen —area of the body between the chest and the hips in the front part of the body that contains the digestive organs

Adhesive Coupling Technology™ —a two-piece ostomy pouching system that attaches with a tape-like adhesive rather than plastic rings snapping together

Closed-end pouch —a pouch that has no opening at the bottom and is removed and discarded after each use

Colostomy—a surgically-created opening between the large intestine (colon) and the abdominal surface

Comfort panels— ConvaTec pouches are available with 1-sided and 2-sided comfort panels for your convenience

Convexity— Convex products may be used when a stoma empties at or below the skin surface; when there are creases, wrinkles or scars near the stoma, and/or when the abdomen is very soft around the stoma.

Drainable pouch —has an opening at the bottom which allows stool or urine to be drained and re-closed with a clip or self-gripping fastener hook tape

Durahesive® — is an extended wear barrier that provides the ultimate in security and adhesion for people with liquid to semi-liquid outputs

Durahesive Plus®— is an extended wear barrier available in a one-piece cut-to-fit pouch

Film — all ConvaTec pouches have built in layers that help reduce the rustling noise under clothing, and a built in odor-barrier

Filter — some ConvaTec pouches have an integral filter that helps reduce gas buildup within the pouch

Fistula — an abnormal tube-like passageway between one hollow organ in the body and another hollow organ, or the skin

Ileostomy — a surgically-created opening between the small intestine (ileum) and the abdominal surface

Ostomy Glossary of Terms (cont'd)

One-piece ostomy pouching system — the skin barrier/wafer and pouch are made as one

Ostomy — a surgically-created opening (called a stoma) in the gastrointestinal system to allow the passage of stool or in the urinary system to pass urine

Peristomal skin — the skin surrounding a stoma

Pouch with spout — drainage tap or spout at the bottom of the pouch to empty urine or liquid stool

Pre-cut — some ConvaTec skin barriers are available pre-cut to certain stoma sizes

Skin barrier/wafer — round or square-shaped with a sticky side that is applied to the skin around the stoma (called peristomal skin). Helps protect the skin from stool or urine, which can be very irritating

Stoma — a surgically-created opening on the abdomen surface. Also commonly called an ostomy. Stool or urine leaves the body through this opening instead of the anus or urethra

Stomahesive® — is a skin barrier that provides excellent security for people with semi-formed to formed output because of its special formulation that enables it to adhere to both dry and wet skin

Tape collar — ConvaTec skin barriers are available with or without tape collars. Most skin barriers with tape collars are available in white, dye-free tape or tan tape

Two-piece ostomy pouching system — skin barrier/wafer and pouch are separate and attached together with a round, plastic ring (called a flange). Pouch can be easily removed without also having to remove the skin barrier/wafer

Urostomy — a surgically created opening which allows urine to pass

When you need an ostomy system with flexibility and durability.

Introducing
Esteem™ extended wear
one piece ostomy
system with
Durahesive Plus®
Skin Barrier.

Durahesive Plus® is the Durahesive® adhesive technology you trust just optimized to create an effective extend wear skin barrier for a one piece ostomy system.

Paired with the latest ConvaTec pouching technology developed by ostomates for ostomates* your patients can have the Comfort, Confidence and Discretion they deserve.

*Developed with input from over 500 patients and WOC Nurses in a three phase market research study over a two year period

For more details and ordering information, go to page 53 or call 1-800-422-8811

Offering Patients and Healthcare Professionals Live Support.

Our WOC nurses can provide samples to patients, answer questions regarding product application, address concerns with Medicare guidelines and can help patients order ostomy supplies and connect them with a retailer.

Valuable services also include:

- ✔ *Multi-language support line*
- ✔ *ConvaTec Ostomy Access Program® – for patients unable to afford their ostomy supplies*
- ✔ *Warm transfers to our friends at ostomysecrets®, where all of the employees are also ostomates*
- ✔ *A personal connection to our Great Comebacks® Family*

The Customer Interaction Center is available by calling

1-800-422-8811

**Monday – Friday 8:30 am – 7:00 pm, EST
please reference promo code 8599**

or by emailing CIC@convatec.com,

in which case a response will be provided within 48 hours.
