

For The Clinician...

As a healthcare provider, you want to deliver the highest measure of your skills while still meeting ever-changing healthcare cost imperatives. At Safe n Simple we understand the dynamics of medical supplies, the sources for acquiring and the mechanisms for paying for them, and the clinical pathways that you have been through. That's why we provide outstanding medical care products at highly competitive prices.

If you would like to supply your new patients with Safe n Simple samples, we are happy to support your practice.

We welcome your ideas, advice and suggestions. Please contact Safe n Simple at **844.767.6334** or visit www.SnS-Medical.com

Safe n Simple products are available through most medical supply distributors, retailers, and mail order suppliers. All Safe n Simple products are covered by Medicare and most third party insurers.

Carefree Ostomate Care

Clean. Comfortable. Confident.

Safe n Simple™ is a medical care innovator, specializing in the promotion of healthy skin, complete security and confident ostomy management. We view our product development through the eyes of our customers, who want active, productive lives unimpeded by their condition. Our goal is to make our customer's ostomy care safe and simple.

We follow two overriding principles: create innovative, high-performance products, and deliver the greatest possible value. We continually push our technicians to develop better ideas, more advanced formulations and superior products, while at the same time making those products convenient and affordable.

We've spent years learning from our customers what they really want. The result is a complete line of ostomate care products designed to *Cleanse*, to *Protect*, to *Secure*, and to *Assure*. Above all, our customers want safety and simplicity. With Safe n Simple, that's our promise.

Cleanse

Peri-Stoma Cleanser & Adhesive Remover

A gentle skin cleanser and adhesive remover for use in the peri-stoma area.

- No Sting – Alcohol free
- No-Rinse formulation save time
- Large, soft, easy-to-handle wipe
- No oils or aloe
- Flushable

Protect

No-Sting Skin Barrier Film

After cleansing, protect sensitive skin with our No-Sting protective barrier film.

- No Alcohol – No Sting
- No offensive odor
- Affordable
- Convenient application options
- Ideal for crusting technique

Secure

Skin Barrier Ring – Conforming Seal

Creates a secure and comfortable seal around the stoma to protect the skin from leakage and irritation.

- Conforms to the stoma and creates a classic "turtleneck" seal
- Highly absorbent ring
- Easy to mold
- Excellent adhesive tack
- Affordable
- Stable during hydration

Skin Barrier Ring – Integrity Seal

Insures a safe, durable seal to prevent leakage between skin and flange.

- Durable, does not break down
- Easy removal from the skin
- Excellent adhesive tact
- Individually packaged rings
- Stretches and molds easily

Skin Barrier Arc

Thin, durable skin barrier arcs protect and maintain healthy skin. 1) Place the Arc directly on the skin around the stoma and place pouching system over the Skin Barrier Arc. 2) Use the Arcs as a skin-friendly alternative to tape, picture frame around the border of a wafer, providing additional security and increasing pouch wear time.

- Skin-friendly surface for adhesion
- Protects the skin
- Water Proof Surface
- Highly absorbent adhesive
- XTra-Wide for increased security
- Heat activated adhesive for strong tack

Skin Barrier Paste

Prevents leakage around a stoma or fistula by providing a secure seal with the skin.

- Seals and prevents skin irritation
- Pectin-based
- Easy-to-squeeze tube
- Absorbent and moldable

Assure

Ostomy Pouch Deodorant

An extremely effective deodorant that eliminates odor without distracting scents or perfumes.

- Effective odor control
- Unscented
- Convenient tilt-tip dispenser

Ostomy Pouch Lubricating Deodorant Gel

Reduces odor and lubricates the inside of an ostomy pouch to make emptying safe and simple.

- Destroys odor-causing bacteria
- Unscented

Safe n Simple products can be used with any ostomy pouching system.
